## Web Traffic & Advertisement Induction Report

## About us

BiotechnologyForums, the only forum on the web catering specifically to the needs of Biotechnology and Life Sciences students (and professionals) across the globe, was founded in the year 2010. Brought up with the vision to promote healthy discussions and consultations amongst the ever increasing pool of Biotechnologists all over the world, biotechnologyforum has established itself as the favourite platform for discussion amongst the students, academicians, scientists, research scholars and industrialists alike.

The major proportion of users of biotechnologyforums *pertain to those students* who regularly seek career advice from our experts and other experienced members of the forum. And, the very fact that, their queries and concerns have regularly been addressed, has kept our forum on the top for most keywords/queries explored in various search engines. Our exponentially increasing web traffic serves as an index of our popularity.

In the year 2014, ***www.BiotechStudents.com*** was launched in India, which has consistently gained popularity amongst the Indian Biotech Students' pool since the day of it's launch. And within less than 1 year of it's launch, BiotechStudents has established itself in Top 5 of google search results for the most coveted biotechnology entrance examination: “**GATE BT**” in India.

With the slogans “***Defeat the Difficulties***” and “***Stay alert, Stay ahead!***”, BiotechnologyForums and BiotechStudents envision themselves as a stronghold discussion and consultancy niche in Global and Indian Biotechnology network.

## Evolution: Yearly Traffic Details

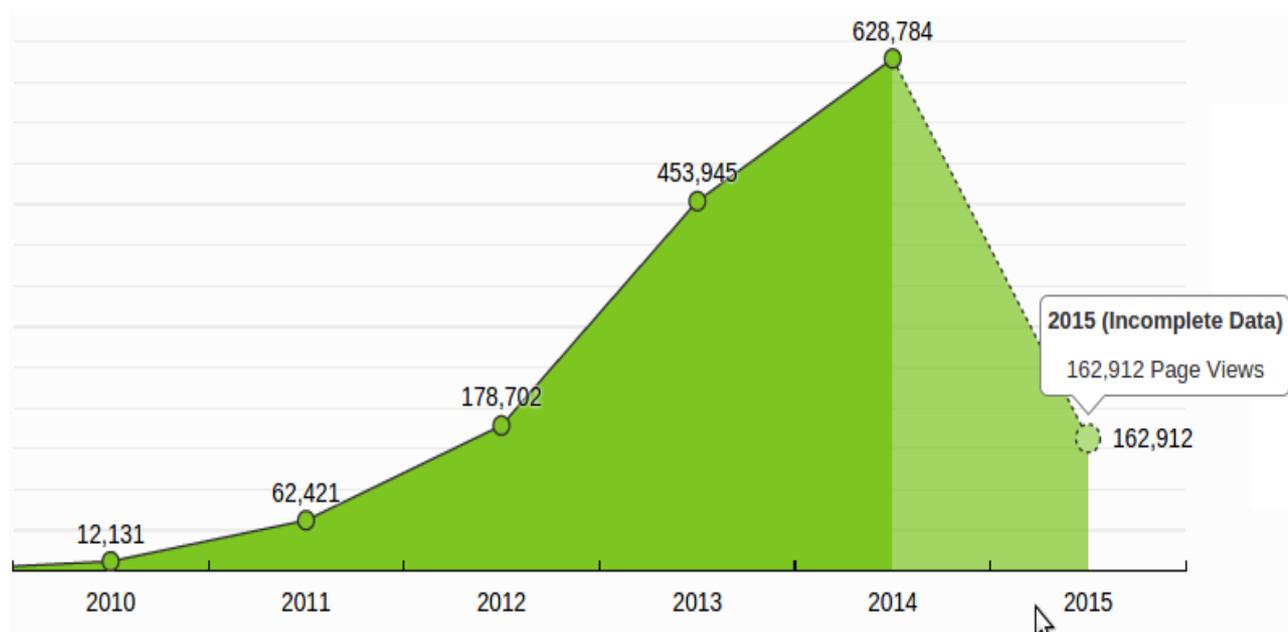

BiotechnologyForums has witnessed exponential increase in its web traffic since its inception in 2010. Following is a summary of the Page Views and Unique Visitors' data collected for BiotechnologyForums.com since 2010.

### Page Views Data

---

Year	Page Views
2015	1,62,912 (as of March 25, 2015)
2014	6,28,784
2013	4,53,945
2012	1,78,702
2011	62,421
2010	12,131

### Graphical summary of Page Views Data:

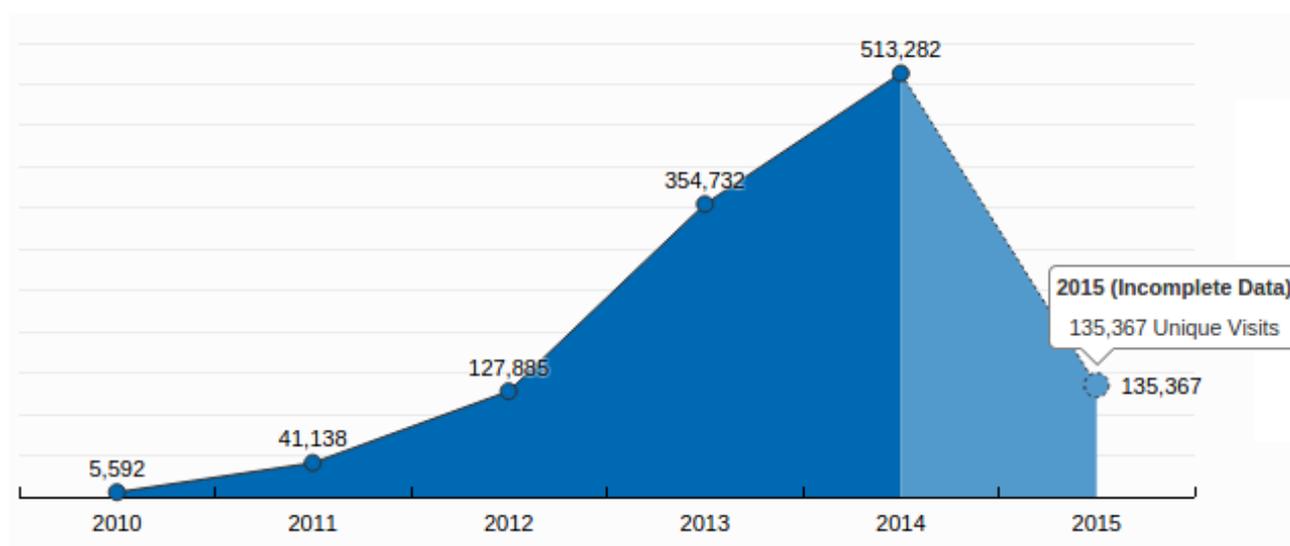

The annual page view trend in the last 5 years serves as the testimony to the increasing popularity of [www.BiotechnologyForums.com](http://www.BiotechnologyForums.com)

## Unique Visitors' Data

---

Year	Unique Visitors
<b>2015</b>	<b>1,35,367</b> <b>(as of March 25, 2015)</b>
<b>2014</b>	<b>5,13,282</b>
<b>2013</b>	<b>3,54,732</b>
<b>2012</b>	<b>1,27,885</b>
<b>2011</b>	<b>41,138</b>
<b>2010</b>	<b>5,592</b>

### Graphical summary of Unique Visitors' Data:

The annual Unique Visitors' trend of [www.BiotechnologyForums.com](http://www.BiotechnologyForums.com) in the last 5 years serves as the testimony to the fact that the increase in Page Views is not only due to the increasing content on the website, but increasing user-base as well.

## Returning Userbase

---

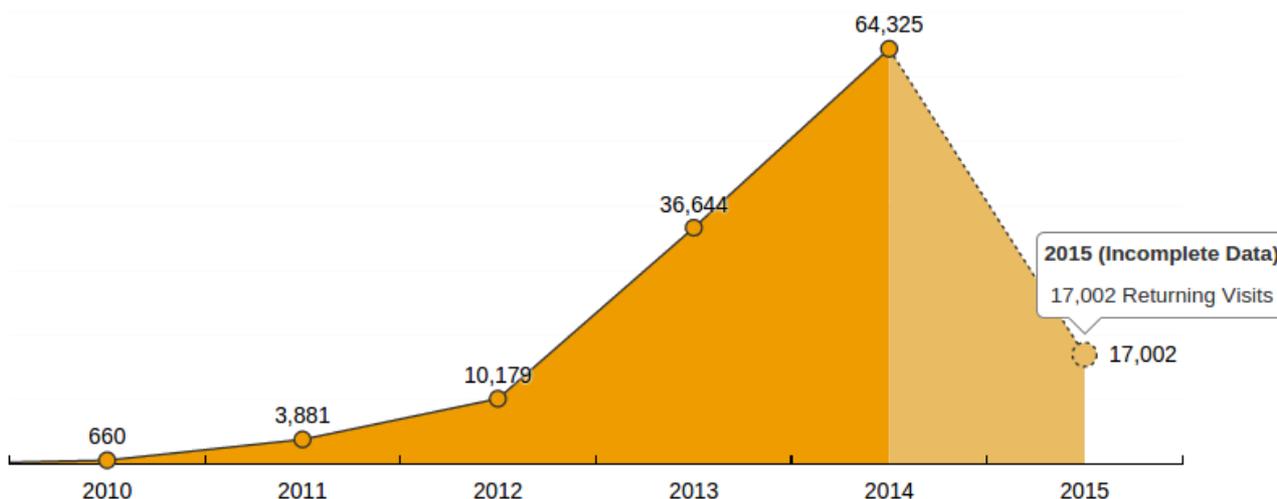

The popularity of any website is not only indexed by its Page Views and Unique Visitors data, but also by the retention rate i.e how many users return to the website after visiting it once. The returning userbase data serves as the index of retention power of the website and has been summarized below:

Year	Returning Visitors
<b>2015</b>	<b>17,001</b> <b>(as of March 25, 2015)</b>
<b>2014</b>	<b>64,325</b>
<b>2013</b>	<b>36,644</b>
<b>2012</b>	<b>10,179</b>
<b>2011</b>	<b>3,881</b>
<b>2010</b>	<b>660</b>

### Note:

- Returning Visits were calculated purely on cookie basis. If a person returned to our website for another visit an hour or more later, a returning visit was counted.
- In the absence of cookies, all visits were counted as first time visits only.

### Graphical Summary of Returning Visits' Data

The returning visits' data of BiotechnologyForums.com again testifies the increasing reliability of our website amongst the users.

## SEO Rankings

Our forum has been **ranked 1 in google search for over 150 keywords** searched by users. In total, search results for **over 4000 keywords** have placed the pages from [www.BiotechnologyForums.com](http://www.BiotechnologyForums.com) in **Top 10 google/search** engine results.

*Annexure-1 enlists the details of various keywords and the average search engine ranking of our website for those keywords.*

## Graphical Affiliations

Our userbase belongs to over 38 countries of the world. Major visitors on our website belong to *India, US, Australia, UK, Pakistan, Phillipines, South Africa, Japan, Nigeria, Malaysia, Canada, Thailand, Poland, Ireland, Ethiopia* (Top 15). The share of traffic actually varies based upon the active day times of various countries.

## Advertisement types

---

### A. Static Banners

Refers to the conventional in-animated banners.

### B. Dynamic Banners

Refers to the animated gifs/banners.

*Both static and dynamic banners may fall into any of the following dimensional categories:*

1. Leaderboard (728 x 90) : Standard class
2. Rectangle (Pillow: 300 x 250) : Silver class

### C. Video Ads

A video ad (available on any video repository) would be embedded in the chosen webpage.

## Advertisement Plans

Type	Position	Page	Rate (per click)*		Rate (per month)	
			Static	Dynamic	Static	Dynamic
Leader Board	Top	Across site	Rs 100	Rs 125	Rs 30,000/-	Rs 40,000/-
			\$2	\$3	\$600	\$800
Leader Board	Middle	Across site (excluding home)	Rs 100	Rs 125	Rs 25,000/-	Rs 30,000/-
			\$2	\$3	\$500	\$600
Leader Board	Bottom	Across site	Rs 100	Rs 125	Rs 20,000/-	Rs 25,000/-
			\$2	\$3	\$400	\$500
Rectangle	Middle	Across site (excluding home)	Rs 100	Rs 125	Rs 25,000/-	Rs 30,000/-
			\$2	\$3	\$500	\$600
Rectangle	Middle	Page of choice (excluding home)	Rs 100	Rs 125	Rs 3,000/-	Rs 4,000/-
			\$2	\$3	\$60	\$80
Video	Middle	Page of choice (excluding home)	N.A	N.A	Rs 5,000/-	
					\$100	

### Complementary offer for monthly plans:

Just add Rs 10,000/- in your plan of choice, and your ad will be featured on [www.BiotechStudents.com](http://www.BiotechStudents.com) as well.

## ANNEXURE-1

### Search Engine Rankings for various search queries

Avg. Rank	Search Query
1	biotechnology forum
1	advantages and disadvantages of therapeutic cloning
